OUR STORY

Who We Are

Black Hound Design Company creates furniture and art for restaurants, hotels and homes all across the country. From New York to Los Angeles, Chicago to Atlanta, our handcrafted furniture can be found in establishments coast-to-coast.

We are a talented team of wood craftsmen, metal fabricators, designers and fine artists- working together in a dusty Colorado workshop to produce creative furniture solutions.

From tables to booths, headboards to host stands, we make it all and pride ourselves on our versatility. Bottom line: we're just a bunch of guys who love to build cool stuff.

Our catalog here represents a sampling of our most popular furniture. However, we are a custom studio at heart, and offer bespoke options for everything and anything!

Don't see exactly what you're looking for? Give us a shout to brainstorm different possibilities!

Cheers,
James Hixson
